CHRISTIANS MASSACRED.

Turks Take Summary Revenge for Bomb Outrage by Killing Converts.

(A. P. NIGHT WIRE TO THE TIMES.) ATHENS (Greece) Aug. 7.—A massacre lasting seven hours followed the bomb explosion in the market-place of Kotschana, fifty miles southwest of Uscup, European Turkey, August 3, according to reliable information received here. Fifty Christians were killed and 200 seriously wounded by the Turks, who suspected them of having committed bomb outrages by which fifty persons were killed or injured.

are the two which have most influence at Cetinje, and they are acting to perfect agreement with the object of preventing war, while England and Austria are exercising pressure at Constantinople for the same purpose. Mr. Popovich, the Montenegrin Consul at Rome, in an interview published in the Tribune today, says he has little confidence in the ability of diplomatists to stave off war between Montenegro and Turkey.

"Montenegro," he says, "has ready on a war footing 80,000 men with excellent artillery. Every family in the country is organized on the military principle."

"Montenegro's territory has been invaded by the Turks, who are seeking to obtain at our expense some compensation for the losses inflicted on them by the Italians and the Russians, who have been subjected to by the Albanians."

"In consequence of this Italy will have a good ally. Public opinion in Montenegro is exasperated and will insist upon complete reparation for the threats made by Turkey of an invasion of Montenegro by Turkish troops."

English Suffragettes Sentenced to Prison Terms in Ireland.

Punishment Extraordinary. Was meted out yesterday in Dublin to the women who caused a disturbance in the Gaelic capital on July 19 when the English Premier, Mr. Asquith, arrived there to speak on the subject of home rule. The women, ranging from left to right, Gladys Evans, Little Baker and Mary Leigh. Mary Leigh threw a hatchet at the Premier's carriage and the Evans woman set fire to a trash can. Leigh was sentenced to an average of five years.

MRS. AKELEY AND WEALTH EN ROUTE TO CALIFORNIA.

Widow of Late Minneapolis Millionaire Reported to Have Expressed Strong Box With Bulk of Husband's Securities to Her Long Beach Home Day Following Death—She Comes West by Another Route.

(BY DIRECT WIRE TO THE TIMES.) MINNEAPOLIS, Aug. 7.—(Exclusive Telegram.)—Negotiable papers representing the bulk of the estate of the late H. C. Akeley, millionaire lumberman, were sent from Minneapolis to Long Beach, Cal., Mrs. Akeley's home, by express, on July 31, the day after her husband's death, according to information which Chief Deputy Sheriff John Wall today said had reached the sheriff's office. The papers were in a small box of pressed steel.

Little save deeds to the realty belonging to the estate, old notes and similar papers were found by the special administrators, J. L. V. Collins and F. H. Peterson, and attorneys who visited the late Mr. Akeley's private compartment in the safety-deposit vault of the old Minnesota National Bank yesterday. A pressed steel box, said to have been kept in the compartment, was missing. Stocks, bonds and other negotiable papers totalling many hundreds of thousands of dollars, which the administrators had expected to find, were also missing.

STRONG BOX REMOVED. Chief Deputy Wall said today that the information which had come to his office was to the effect that the missing strong box had been taken from the vaults to the Akeley apartments in the Leaning Tower several days prior to Mr. Akeley's death. It was to have been returned, he said, but never went back to the vaults.

Checking up of express offices in Minneapolis by deputy sheriffs was started today. This investigation, Wall said, disclosed that a box answering the description of the missing one was shipped by express to Long Beach, Cal., Mrs. Akeley's permanent home, on July 31, the day following her husband's death. At the same hour late Monday the Deputy Sheriff Charles Budd, armed with papers to compel Mrs. Akeley to turn over to the administrators all property belonging to the estate, was seeking the wealthy widow at the summer home of Mr. and Mrs. Gilbert Parker, Des Moines, where he believed she was a guest. Mrs. Akeley was at the Soo line depot at Minneapolis, boarding a train for Winnipeg, when she was a guest. MEET FOR PEACE?

Orozco and Madero Agent Confer.

Each Denies Seeing Other at Historic Spot, but Admits Being There.

Rebel Chief Seeks Conference With Mexican Cabinet Official.

Revolutionists Deliberately Shoot Across River at American Soldiers.

(BY DIRECT WIRE TO THE TIMES.) EL PASO (Tex.) Aug. 7.—(Exclusive Telegram.)—General Orozco, rebel chief and Rafael Hernandez, Mexican Minister of the Interior, met at a conference this morning in a grove of trees opposite El Paso on the Mexican side of the line.

Both men deny having the conference, but prior to their denial Hernandez admitted that he had met Orozco, but denied that he had seen him. Orozco, however, admitted that he had seen Hernandez, but denied that he had seen him.

The meeting took place in a grove of trees on the Mexican side of the river, almost opposite the El Paso smelter, the same grove in which Hernandez, as a peace commissioner, a year ago helped to bring together representatives of Madero and the Diaz government for a settlement of their difficulties.

BOTH WERE THERE. After the interview, when Hernandez returned to his hotel he was asked if he had seen Orozco, but admitted that he had seen him in the grove to show some of his party where the peace parleys were held a year ago.

Orozco, on returning to Juarez, admitted that he had been to "peace grove," but said he merely "had been out riding." Orozco had twenty-five soldiers with him and rode a white horse.

Many people on the American side saw him and his men at the grove and declare that they saw the Mexican Cabinet Minister talking with him.

Hernandez reached here last night from Mexico City, presumably en route to Lower California to investigate the food condition along the river.

SHOOT AT AMERICANS. Last night Mexican rebel soldiers fired deliberately across the Rio Grande at a detachment of United States Infantry on border guard duty on the American side, according to the report of the officer in command today to Gen. E. Z. Stever, department commander.

The soldiers, who were encamped at the pump house of the American Smelting Company's plant, northeast of El Paso, the rebels fired several volleys at them and they replied in kind. Nobody was shot on either side so far as known. The Americans believe the firing was the result of malicious intent on the part of the rebels.

Mayor C. E. Kelly today set out plans for the city to invite a number of Senators, Congressmen and other prominent men to come here soon as possible and investigate the Mexican situation first hand.

GOVERNMENT TO TALK PEACE WITH ZAPATA. (BY A. P. NIGHT WIRE TO THE TIMES.) MEXICO CITY, Aug. 7.—Representatives of the government will meet Emiliano Zapata, the rebel leader, at El Jilguero, Morelos, tomorrow to discuss measures aiming at peace in the southern part of the republic. Zapata has declared he would consider no peace proposal unless it contained Madero's resignation. But the government has proceeded with plans for the conference, and the Cabinet has been instructed to obtain an armistice if it can.

Whether the commission will consider the resignation of Madero is highly improbable, but it is felt that once the peace conference is begun terms can be made that do not include such provision, since the principal complaint of the Zapatistas has been that of the ownership of the lands.

FEDERALS NOT TRYING TO LOCATE REBELS. (BY A. P. NIGHT WIRE TO THE TIMES.) DOUGLAS (Ariz.) Aug. 7.—Mexican Federals, according to information reaching here tonight, made practically no endeavor today to locate rebels reported within fifty miles of Agua Prieta, Sonora.

Rebels were in the vicinity of Puerto de San Luis, fifty-seven miles east of Agua Prieta, and that reinforcements numbering 600, were marching north to join them. It was said that a small scouting party had an encounter with Gen. Salinas's men near Janos Sunday and then retreated to Ojitos.

Federal reinforcements were said to be on the march.

COBBLESTONES RIPEN GRAPES.

Gather Heat from Sun's Rays and Radiate it at Night.

(A. P. NIGHT WIRE TO THE TIMES.) SACRAMENTO, Aug. 7.—A field of heat-radiating cobbles turned up by the gold dredgers near Oroville, sent the first crate of Tokay grapes to eastern markets from California this year. The grapes were shipped from the ranch of G. H. Leggett, near Oroville, and sold by the California Fruit Distributors in New York for \$4.60. The theory relative to the fast ripening of the grapes is that the cobbles absorbed a great deal of heat during the day and radiated it at night, giving the fruit an almost constant warmth, hence hastening the ripening process.

ONLY THREE TO GO ON BALLOT.

Majority of Initiative Proposals Fall Short.

(BY A. P. NIGHT WIRE TO THE TIMES.) SACRAMENTO, Aug. 7.—Only three of the dozen initiative measures, for which petitions have been circulated, will be passed upon by the people at the November election. This was the last day upon which petitions might be filed with the Secretary of State.

PENSION BILL SENT BACK.

Senate Passage Fails by One Vote Despite Hard Fight.

(A. P. NIGHT WIRE TO THE TIMES.) WASHINGTON, Aug. 7.—The fight to pass the \$150,000,000 pension appropriation bill was lost by one vote in the Senate today and the measure was sent back to the House for further conference. After a motion to agree to the House amendment to abolish the pension agencies by retained. This is the only point upon which the House and Senate are at odds.

to be reaching Agua Prieta daily. The garrison there today was said to number fully 500. Federal officers were quoted as saying they would not fight the rebels in the town, if a conflict could be avoided. The situation was complicated by the fact that the American boundary, but would meet their feet in the middle of the night.

REBELS FORCED BACK BY FEDERAL CAVALRY.

(BY A. P. NIGHT WIRE TO THE TIMES.) TUCSON (ARIZ.) Aug. 7.—Word was received here today that Col. Emilio Kosterlitzky, commanding the Federal cavalry, made a brilliant charge last night and forced the rebels from Ladrera, Sonora, back into the hills in disorder. The rebel losses were reported as heavy. Kosterlitzky came upon the rebels unawares, and threw them into disorder. He claims that with his present force of 100 men he can easily keep Orozco's men from entering Guaymas or Empalme, on the west coast.

TWO AMERICANS VICTIMS OF BANDITS.

(BY A. P. NIGHT WIRE TO THE TIMES.) DOUGLAS (ARIZ.) Aug. 7.—That two more Americans have been added to the list of foreigners supposedly murdered in Mexico is the belief here tonight of friends of Gordie and J. Boyd.

OROZCO ADMITS EXCHANGE OF CARDS.

(BY A. P. NIGHT WIRE TO THE TIMES.) EL PASO, Aug. 7.—Gen. Orozco late last night gave an interview to the Associated Press at Juarez, Mex., in which he admitted that there was an exchange of greetings between him and Minister Hernandez early today in which only cards were exchanged. Orozco declared that he and Hernandez were not in speaking distance of each other. "There have been no overtures of peace," he declared. "I will have to wait until President Madero resigns or his family is eliminated from the cabinet. Senor Hernandez and I merely exchanged cards as old friends."

A Powerful Demonstration

of the invincible supremacy of R. J. Busch's cut prices. Notwithstanding the futile efforts of some of the "chronic" sale shops, the people are showing their good judgment in patronizing the big sale, because they know the difference between bargains and "near bargains."

All other merchants must make a profit on the original wholesale price of the goods. We bought this Twombly stock of Pasadena at 42c on the dollar of wholesale cost, consequently it stands to reason that no one can offer the bargains that R. J. Busch is now offering the public of Los Angeles and vicinity. Any store can sell one or two broken lines of goods at a very low price in order to inveigle the unwary to buy, but no store can, or does, sell all lines at about wholesale price and less, except one, and that's R. J. Busch, because he bought at 42c on the dollar and is giving the people the benefit of his purchase. Each and every article of the Twombly stock of Men's Clothing, Hats and Furnishings must be sold. WILSON HEARS OF NOMINATION.

Then Tells the World What He Thinks About It.

The Trouble Is Too Few Are Consulted, He Says.

He'd Govern by a Rule of "Right," He Declares.

(BY A. P. NIGHT WIRE TO THE TIMES.)

SEA GIRT (N. J.) Aug. 7.—Gov. Woodrow Wilson unfolded today the fabric of his political beliefs in a speech formally accepting the Democratic nomination to the Presidency. Establishing first what he termed his "faith," he invoked "the rule of right and justice" to politics, proceeding in succession to show its application to the President, the question, the restoration of the merchant marine, the development of waterways, the conservation of natural resources, banking reforms and other issues.

NOW HE KNOWS IT.

Briefly and simply Dr. Wilson was notified of his nomination by Senator-elect Ollie James of Kentucky, who emphasized, as he said, that the Governor had obtained the honor untrammelled by obligation and unhampered by affiliations. Though the Governor spoke in acceptance, theoretically, to the members of the committee, representing each State and Territory in the United States, the speech, sounding the depths of his political philosophy, was heard by a great throng.

Prominent Democrats, Governors of many States, their families, members of the Women's National Democratic League, and a multitude of people came from up and down the Jersey coast to attend the exercises.

COMMITTEE'S ARRIVAL.

The Notification Committee, led by Senator-elect James, arrived at 1:45 o'clock, accompanied by Gov. Baldwin of Connecticut, Dix of New York, Donaghy of Arkansas, Foss of Massachusetts and O'Neal of Alabama; Sen. Myers of Montana, former National Chairman Norman E. MacChesney, H. Crane of Chicago, who has just been appointed vice-chairman of the Democratic Finance Committee, and Representative Rodin of Alabama and Johnson of Kentucky.

The party were received by the Governor, his wife and daughters in the Governor's cottage, where luncheon was served.

William Jennings Bryan sent a telegram of regret.

Senator-elect James came to the front of the veranda at 3 o'clock accompanied by Gov. Wilson and Gov. Marshall. They were greeted by cheers.

Dr. Wilson sat to the right of Mr. James, while the vice-presidential candidate was at his left.

Mr. James' speech of notification was frequently interrupted by applause.

GOV. WILSON SAID:

"We stand face to face—with what? Plainly, not with questions of party, not with a contest for office, not with a petty struggle for advantage. With great questions of right and of justice, rather—questions of national development, of the development of our character, and of standards of action no less than of a better business system. The forces of the nation are asserting themselves against every form of special privilege and private control, and are seeking bigger things than they have ever heretofore achieved.

"There are two great things to do. One is to set up the rule of justice and of right in such matters as the tariff, the regulation of the trusts and the prevention of monopoly, the adaptation of our banking and currency laws to the uses to which our people must put them, the treatment of those who do the daily labor, and the political life of the people of the Philippines, for whom we hold governmental power in trust, for their service, not our own. The other, the additional duty, is the great task of protecting our people and our resources and of keeping open to the people the doors of opportunity through which they must, generation by generation, pass if they are to make conquest of their fortunes in health, in freedom, in peace, and in contentment in the performance of this second great duty we are face to face with questions of conservation and development, questions of forests and waterpowers, of mines and waterways, of the building of an adequate merchant marine.

"We have got into trouble in recent years chiefly because these large things, which ought to have been handled by taking counsel with as large a number of persons as possible, because they touch every interest and the life of every class and region, have been left to be too often handled in private conference.

TARIFF.

"The tariff question, as dealt with in our time, at any rate, has not been business. It has been politics. Tariff schedules have been made for the purpose of keeping as large a number as possible of the rich and influential manufacturers of the country in a good humor with the Republican party, which desired their constant financial support. The tariff has become a system of favors, which the phronology of the schedule was often deliberately contrived to conceal. Who, when you come down to the hard facts, have been represented in recent years when our tariff schedules were discussed and determined? Will you, can you, bring the whole people into the partnership or not?

"We do not ignore the fact that the business of a country like ours is exceedingly sensitive to changes in legislation of this kind. It has been built up, however, all-advisedly, upon tariff schedules written in the way I have indicated, and its foundations must not be too radically or too suddenly disturbed. When we act we should act with caution and prudence, like men who know what they are about, and not like those in love with a theory. It is obvious that the changes we make should be made only at such a rate and in such a way as will least interfere with the normal and healthful course of commerce and manufacture. But we shall not act on that account, as if we were afraid of our own minds, for we are certain of our ground and of our object. There should be an immediate revision, and it should be downward unsatisfyingly and steadily downward."

The high cost of living, he said, is arranged by private understanding.

The so-called labor question, he went on, is a question only because we have not yet found the rule of right in adjusting the interests of labor and capital. In dealing with the complicated and difficult question of the reform of our banking and currency laws, he thought, it is plain that we ought to consult very many persons besides the bankers, not because we distrust the bankers, but because they do not necessarily comprehend the business of the country, notwithstanding that they are indispensable servants of it and may do a vast deal to make it hard or easy. In dealing with the Philippines, he said, we should not allow ourselves to stand upon any mere point of pride. We are not the owners of the Philippine Islands. It is our duty, as trustees, he said, to make whatever arrangement of government will be most serviceable to their freedom and development. Of conservation, he said, we must develop, as well as preserve. The Panama Canal, he said, is meant to be a great international highway. It would be ridiculous if we should build it and then have no ships to send through it. We must build and buy ships in competition with the world.

CONCLUSION.

In conclusion, Dr. Wilson said: "A Presidential campaign may degenerate into a mere personal contest and so lose its real dignity and significance. There is no indispensable man. The government will not collapse and go to pieces if any one of the gentlemen who are seeking to be entrusted with its guidance should be left at home. But men are instruments."

NEW SCHOOL.

Santa Monica Citizens to Vote on Bond Issue Today.

SANTA MONICA, Aug. 7.—From present indications, the election to be held tomorrow for the purpose of voting on the issuance of \$150,000 school bonds will result in an almost unanimous vote for the bonds. The dire needs of Santa Monica in the way of school buildings and equipment has been brought close to the voter by an active campaign by the Citizens' Committee, which, in a circular issued today, urged every voter to go to the polls and cast his vote for the bonds.

Roy Jones, chairman of the committee, outlined in the circular that of the total amount provided for grammar schools, \$35,000 is apportioned to the Washington district, and that new grammar school building has been planned. Of the remainder, street work and sites for new schools will take the majority of the money. The Board of Education has been very frank with the people in outlining the uses to which they will put the money if the bonds are voted.

No opposition has developed, and the people will probably roll up a huge vote in favor of the bonds.

MISSOURI PRIMARIES.

ST. LOUIS, Aug. 7.—With only twelve counties to be heard from, and the returns complete from the three large cities of the State, Democratic party leaders at midnight conceded the gubernatorial nomination to William S. Cowherd of Kansas City, by 5000 majority. Republican opponents of John C. McKinley conceded early in the day that he had won the nomination of his party.

ROOSEVELT ENCOURAGES INFRACTIONS OF LAW.

In His Mania to Be Elected President He Is Found to Be Trying to Get Prospective Congressmen to Do the Very Thing that the Statutes Proclaim Shall Not Be Done, Unless One Wants to Go to Jail.

(BY FEDERAL (WIRELESS) LINE TO THE TIMES.)

WASHINGTON BUREAU OF THE TIMES, Aug. 7.—[Special Dispatch.] Theodore Roosevelt is flying in the face of the Federal statutes when he announced that all Republican candidates for Congress must swear allegiance to him and his policies, or he will have opposition next November. Roosevelt announced in Chicago that he proposes to force every Republican candidate for Congress to agree to have him should the election for President be thrown into the House. Here is where Roosevelt is running counter to the law; for any candidate making such a pledge would subject himself to fine or imprisonment or both. That few of the candidates would agree to adopt such a course, even to please Roosevelt or insure his own re-election, is generally conceded.

The law in question, which bars candidates from entering into a contract with Roosevelt or his agent, William Flinn, even if they choose to do so, is a part of the bill practices act passed by Congress on August 19, 1911, reading as follows: "No candidate for representative to Congress or for Senator of the United States shall promise any office or position to any person, or use his influence to give his support to any person for any office or position for the purpose of securing the support of such person or of any person in his candidacy."

A fine not to exceed \$1000, or imprisonment for not more than one year, or both, is prescribed for violation of the act.

Pennsylvania is one of the States where the announcement has been made that candidates for Congress will not receive the support of the colonel unless they agree to support him, but on the contrary will have to face a fight, unless they agree to support him.

The State Convention Committee in Pennsylvania will fill the vacancy on the Republican electoral ticket, the men named by the recent convention, resign to go on the Washington party ticket as Bull Moose party.

A triangular highway through the valley, which will become famed for its scenic attractions, has been planned by the Chamber of Commerce of the State of California, and will go from San Bernardino to Redlands via Cottonwood, row and Broadside, Redlands to Highland, across the Santa Ana wash, and Highland to San Bernardino, via Base Line.

The committees working on the proposition are San Bernardino: E. R. Katz, chairman; M. C. McKenney, R. R. McNeil, R. V. Macdonald, F. T. Perris, E. H. Kellogg, Redlands: W. B. Brookings, chairman; M. WOULD INCREASE FREIGHT RATES.

Transcontinental Carriers File Their New Schedule.

Commodity Tariffs to Be Discarded Entirely.

"Fair and Liberal" Is View of the Railways.

(BY A. P. NIGHT WIRE TO THE TIMES.)

WASHINGTON, Aug. 7.—General increases in freight rates in commodities to become effective September 3 are proposed in new tariffs filed by the transcontinental railroads with the Interstate Commerce Commission. While the new rates are designed to meet the commission's decision in the Spokane, Reno and Phoenix rate cases, and would reduce rates to the intermediate territory, they would materially increase rates from all the East to Pacific Coast points.

FOR ALL RAILS.

The proposed tariffs which affect all transcontinental traffic, were filed by R. H. Cottrell of Chicago for all the transcontinental railroads. They have been contended by the railroads that these rates were too low. The commission has not checked the tariffs with present rates, but such examination as has been possible indicates the increase to the Pacific terminals are considerably greater than the reductions to the interior Rocky Mountain territory.

Mr. Cottrell says the railroad rates to terminal points are advanced on commodities which are not subject to water competition by any great extent. This adjustment, he points out, creates an advance to the terminals, but reduces the rates to interior destinations.

COMMODITY RATES ELIMINATED.

Some commodity rates, in force at present, are absolutely eliminated, thus automatically transferring the articles shipped to western classifications, and which the rates would be considerably higher than at present.

Mr. Cottrell maintains this adjustment would relieve the discrimination against interior destinations which now exists.

"We believe," Mr. Cottrell said, "that these tariffs represent an adjustment which should not be prejudicial to the interests of shippers and jobbers at the terminals and certainly it is not to the interior and intermediate territory. Taken as a whole, for the entire western territory, it represents, in our opinion, a fair and liberal adjustment."

A thorough examination of the tariffs will be made by the commission and should they be deemed unreasonable, interior destinations which now exist.

WATER USERS UP IN ARMS.

Plan to Fight Governor's Three-man Scheme.

Grave Peril Threatening the South, Say They.

Scenic Highway Planned by Combine of Cities.

(BY FEDERAL (WIRELESS) LINE TO THE TIMES.)

SAN BERNARDINO, Aug. 7.—[Exclusive Dispatch.] The Southern Counties Water Users' Protective Association is the name of the new combine organized here to fight the three-man water commission bill put forth by Gov. Johnson's Water Conservation Commission.

The Executive Committee of the new organization met in the Stewart Hotel here this morning and formally issued a call for a mass meeting of water users of Southern California to be held August 29, in the Chamber of Commerce at Los Angeles.

Gravest peril to the water interests of the Southland is seen in the proposed three-man water board, which, it is claimed, would reopen all the water litigation which has featured history in this part of the State for years and throw all the issues now settled back into the courts again, meaning immense expense and loss to water companies and fruit growers generally.

It is expected to have every county in Southern California represented at the Los Angeles mass meeting, and every water company, whether private or public.

At that meeting a formal campaign of education to defeat the Johnson water bill will be launched. Those attending the Executive Committee meeting here today were: W. W. Sherwood, Orange; A. G. Kendall, H. Goodell, San Bernardino; J. B. Chaffey, Whittier; H. H. Garfield, Redlands; Glen D. Smith, Ontario, and James Irving, Riverside.

Every lot is within 500 feet of the Pacific Electric Railway, all close to the ocean or bay. The lots are soil and will grow anything. Cement walks and curbs throughout the city, with 60-foot oiled streets. Water, electricity, and telephone direct to each lot.

Let Bay City Help You

To profit by the marvelous awakening and activities of the South Coast. We present the greatest bargains ever offered in beach property.

The Reason Why

There is a reason or a cause for everything. Why do we do this? The answer is—We contemplate improvements of a substantial and permanent nature, and we want them to be patronized. We want people to come to Bay City. We want to make the improvements on a rising market. We want you to help boost Bay City, and we are paying you to do it. Hence our prices and terms. The money part is not troubling us, as witness our terms. Our property is paid for, the title is perfect. But we do want to be doing something, and we make it to your advantage to help us do it.

COURT RULING IN ABEYANCE

Matter Involves Impeaching on Collateral Issues.

Tireome Arguments Consume Most of Session.

Witness Says Harriman Knew of Dynamite Plot.

In one of the most tedious sessions of the Darrow trial, the defense lawyers yesterday managed to consume the entire afternoon session with arguments over the admissibility of evidence tending to show that Job Harriman laughed heartily when he heard of the awful death of twenty employees of the Times and admitted to a fellow Socialist that he knew of the dynamite plot, but advised against its being put into effect until after the annual meeting of the State Building Trades Council, which was held in this city, October, 1919.

After a long argument by Appel, Judge Hutton ruled that the State could not impeach Harriman's previous testimony by the introduction of other witnesses by the prosecution. Later he vacated his ruling after Asst. Dist. Atty. Ford had argued the other side. Just before adjournment the court stated he needed to make a ruling this morning that will be final.

Besides the brief testimony of William Cantrell and the cross-examination of Mayer, who was on the stand the previous day, there was nothing of moment in the hearing yesterday. It looks doubtful if Capt. Fredericks pass through his rebuttal, especially as the defense is going to argue exhaustively over every minute point.

SOCIALIST IN FLANNERY.
Edward Adams Cantrell, clad in a white flannel suit, took the stand to testify against Harriman, his former friend and associate. It is believed that Cantrell was partly influenced in telling the District Attorney what he knew because of a wide split in the Socialist party.

To account for the testimony of Cantrell, which he knew would follow, Harriman gave a long discourse on Socialism and declared that Cantrell was in position to injure him because of party differences.

JOB'S ALLEGED KNOWLEDGE.
From the moment Cantrell took the stand it was evident that the Darrow lawyers would unite to help Harriman and every question propounded by Capt. Fredericks there was a chorus of objections. Appel admitted that he knew what the testimony would be and he knew that the defense would claim that the defense would be introduced in chief by the State, if at all.

STIFF WITNESS.
When court convened yesterday morning, Appel stated that a writ of habeas corpus had been secured from another department of the Superior Court and that a hearing on the merits of the order of contempt made against Rogers Tuesday will be heard Monday morning. Judge Hutton said that when the day came an adjournment of the Darrow case could be taken for such time as necessary to argue the points to the other judge. He made it clear, however, that he adhered to his ruling and would not change it until so advised by the higher court.

Rogers resumed his cross-examination of O. H. E. Meyer, the young detective who was on the witness stand the previous day when Rogers was given a full sentence for contempt of court. The young man was composed in the main and seemed to be in his best to answer the questions. Rogers had poor luck with the witness and retired in favor of Appel, who subjected Franklin's former employee to a rapid cross-examination.

However Meyer was positive that in 1919, with Frank's help, he testified the office of the McNamara defense about 8 o'clock on the morning of November 27, 1919. He said he saw both Mr. and Mrs. Franklin in order to file the date. This was done by means of a receipt that shows he was paid \$5 on account on that date.

HIS MADNESS INHERITED?

Attorney for Greek Who Killed Fellow-Prisoner in County Jail to Advance That Theory.

On motion of Attorney Chester Smith the examination of John Vashlik, a County Jail trustee, who stabbed to death Charles Mullen, a fellow prisoner, last week, was continued yesterday by Justice Forbes until the 25th inst.

Smith announced that he is pursuing an investigation of a client's sanity and past record in Greece, a proceeding that will take time, and that he expected to prove Vashlik was insane when the murder was committed.

Deputy District Attorney Helms opposed a long continuance on the ground that it would establish a precedent by which any foreigner might obtain a respite, while a search was being conducted on his behalf. In the meantime, Helms asserted, the State's witnesses might become unavailable. The date settled on was August 15.

According to Smith, cousins of Vashlik, who live in Los Angeles, declared that his father was mentally unbalanced, and that the son inherited that tendency, intensified recently by the badgering by other trustees at the jail.

Vashlik has passed the time since the tragedy moaning and weeping in his cell. He presented a sorry sight yesterday, cowering under his head buried in his hands. Attorneys of the court remarked that it was flow the blood of the victims might be Salamis and Thermopylae had fallen to such a plight.

Smith will have him examined by physicians before the trial.

NINE HURT WHEN AUTOS COLLIDE.

END-ON AT HIGH SPEED; CRASH HEARD FOR BLOCKS.

Two Women, Six Men and a Boy Go to Hospital for Repairs After a Chauffeur Hurts Another Car Across the Sidewalk with Terrific Impact—He Is Held in Jail.

Two women, six men and a newborn were injured, none of them seriously, when George Bell, a chauffeur, drove his machine into the car owned by L. Gann, No. 1118 South Hoover street, as it stood in front of No. 211 North Main street yesterday.

Bell was traveling at high speed, it is charged. The impact was sufficient to drive the Gann car forward about 100 feet and land it in a badly demolished condition in the entrance to the saloon at the corner of Main and Market streets.

The injured are: Mrs. Belle Gentry, No. 274 South Main street; contusion of the left knee.

Mrs. Florence Kelly, No. 274 South Main street; bruises and contusions on the legs.

Thomas Kenny, U. S. Hotel; bruises.

J. P. Graney, Freeman, U. S. Hotel; contusion of left leg.

Joseph Rowan, engineer, U. S. Grant Hotel; cut on back of head, contusion of left leg.

Tony Costa, P. newboy, No. 4460 Honduras street; contusion of right foot.

Carl Sanchez, No. 1845 East Forty-second street, partial dislocation of jaw.

M. Maybail, U. S. Hotel; body bruised.

George Bell, chauffeur; bruises and contusions.

Bell was taking Mrs. Gentry and Mrs. Hart to see Myrtle Kingston of Somerset, sister-in-law of Mrs. Gentry, at the County Hospital.

Bell was driving a fast clip when he dodged around a street car and crashed into the Gann machine. The crash was heard several blocks away.

When the Gann machine struck Kenny, Graney, Rowan and Costa, who were standing on the street corner.

A piece of flying wood from the Gann car struck Sanchez in the face, partially dislocating his jaw. As he fell back, he was struck by the machine which was knocked to the sidewalk.

Bell was thrown heavily against the steering gear of his machine, and he was hurled forward against the front seat.

Bell was taken to the Central Station where he was treated on a "fast clip." Patrolman E. C. Stevens will today swear to a complaint charging Bell with "driving a motor-driven machine in a reckless and dangerous manner." It is a State misdemeanor, with a fine or jail sentence.

The injured were treated at the Receiving Hospital.

NEW POLICE SUBSTATIONS.

Four to Be Established as Soon as Motorcycles Can Be Obtained. Improvements Contemplated.

Four new police substations are to be established by the Chief as soon as the Supply Committee of the City Council shall furnish him with motorcycles for use in the districts.

One station will be in Garvanza, one in the Wilshire district, the third in the extreme eastern end of the city and the fourth in the southwestern section of the city.

The Chief made that announcement at the Central Station yesterday. The Police Commission voted \$1150 for new motorcycles, \$7000 for additional autos and \$255 for horses for mounted patrolmen.

The Chief expects to get five new motorcycles. Four of them will be distributed among the new substations, and the fifth will be used at the Central Station. He hopes to buy three new autos. These will probably be placed at the Central Station and one or two of those used there will be sent to the new substations.

One of these new machines will be used exclusively by the "flying squad," which the Chief says, he will organize as soon as he gets the autos. This squad will be composed of twelve men. They will be divided into three shifts of four men each. They will be under Capt. Flamm's orders and will be used for emergency calls in conjunction with the motorcycle men.

The Chief announced yesterday that beginning today he will inaugurate a new shift of men serving from the outlying substations. Once a hour, day and night, the officer in charge will report to the Chiefs of the districts of the city and other information that is considered proper to be brought to the attention of the head of the department.

The horses will be a place upon whose duty will be to direct traffic on the business streets in the heart of the city, and to make some of the responsibility of the shoulders of the traffic officers when it comes to keeping all kinds of vehicles moving.

WILL INITIATE FALL CAMPAIGN.

Republican Meeting Scheduled for Phoenix.

Party Leaders to Be There from All Over State.

Democrats Who Are Out Have No Openings This Year.

(Special Correspondence of The Times)

PHOENIX (Ariz.) Aug. 6.—Next Saturday in Phoenix will be the first gun of the fall campaign. For that date has been called a meeting of the Republican State Committee, as well as a meeting of representative Republicans from all over the State. State Chairman J. Lorenzo Hubbell will come direct from Washington, where he attended the ceremony of notifying President Taft of his resignation. There is determination within the committee to start the campaign early and to make it a warm one throughout, despite the handicap of a schism in the party and the fact that the State Democracy was in a manner of speaking, a victim of the last election. At this week's meeting it is probable that there will be made an appointment of Presidential electors, to avoid, if possible, any internal quarrels over the honor, and the work of the campaign will be outlined and started.

OFFICERS HOLD OVER.
The campaign outlook has been materially cleared by the decision of the State Supreme Court that no State or county officers are to be elected this fall. The decision has hardly been received in good grace by the Democrats, who had hoped to contest for offices now held by the more fortunate members of their party of the State.

It just happens that, through the mandate of President Taft, as expressed in the Statehood bill, there is no judicial review of the campaign will be outlined and started.

Officers of the campaign are: J. Lorenzo Hubbell, chairman; J. P. Graney, secretary; J. P. Graney, treasurer; J. P. Graney, secretary; J. P. Graney, treasurer.

The candidacy of Col. W. H. Holabird, the veteran developer of Southern California, is going ahead by leaps and bounds. Hundreds of the best business and professional men in the Tenth District are rallying around his standard. He is making a spirited fight and is confident that he will carry the district.

Col. Holabird is found the American business man in his highest sense of duty and honor. He is a man of letters, a man of letters, a man of letters.

THE POLITICAL WATCHTOWER.

In these piping days of "loathsome capital" and "predatory wealth," ye plain citizen of the republic would like to know what civic patriots and statesmen are doing to save the republic.

Nothing has been heard of late from the fight to be waged in the Senate to prevent the confirmation of Judge Richard E. Sloan as the first United States Judge in Arizona. It is apparent that the two Democratic Senators believe they can hold off confirmation until after the possible seating of a Democratic President. As Congress now sits at the point of adjournment, there is a probability that confirmation will go over, in which event President Taft is expected to give Sloan an ad interim appointment.

Wanted Something Saved.

[The Argonaut:] A woman in a
of the wards in the Rhode Island
Hospital, who had been a patient for
pendicils and would have to be o-
perated on at once. Most frighten-
ed she reluctantly consented, and was
conveyed to the operating-room. One
of the doctors had commenced to ad-
minister the ether, and her eyes were
closing languidly, when he discovered
he had forgotten to inquire if she
had false teeth. He quickly removed
the rubber cap, and shaking her
slightly, he said: "Have you anything
loose in your mouth?" Then, as he
made a move to put his hand in her
mouth, she opened her eyes wide
and exclaimed: "Nothing but my
tongue, doctor, and for God's sake
don't cut that out, too!"

any persons doubt whether the Department of Commerce and Labor itself ever ought to have been organized.

The Senate is, however, being subjected to severe pressure for the passage of the bill, as well as the adoption of other bills along somewhat the same lines. With election coming on, it might be some what hazardous for men who are in jeopardy, or who are conspicuous factors in their party, to anything that would arouse the opposition and criticism of labor advocates. The question, then, according to not a few members, is whether the bill can be kept from coming at this season. If it cannot be prevented from being taken up for debate, there will be a very fair chance that the majority will feel disposed to avoid criticism by voting for it to assure its passage. The most effective way of working against the bill is that of objecting to its coming forward, and so far as possible preventing it from receiving consideration. This line of opposition is being followed in the hope of tiding time over until next winter, when it will be considered more calmly than at present. One chief objection urged in this connection is that the bill is let through now, it would pave the way for a great number of other schemes for the establishment of governmental departments that have been pending for a long time past, but which have been held in check by the statement that Congress did not intend to establish any new Cabinet portfolios.

One phase of the demand for the department of labor that has received very little attention is found in connection with the group of dangerous other schemes for the establishment of time past and which would naturally be adopted if the department of labor plan went through. Among these other schemes for the establishment of departments have been framed in the House a Judiciary Committee and the Industrial Commission. The same interest in the anti-injunction measures through the department of labor would probably be able to force to the front, if not at the same time, the creation of the new Secretary of Labor himself would presumably be a very powerful agency in pressing such measures on Congress partly because of the prestige of his department would thereby gain and the work of various kinds that would come to it in consequence of the forwarding of such measures partly because of the fact that it would be driven to advocate legislation of this description by the people upon whom he would depend for his official place. In this connection it is felt that the creation of a Cabinet office of such a kind just at the opening of a new administration would not be wise in any event even if the plan itself were acceptable, but that it would be far better to wait until the opening of the new administration in order to ascertain how far the President then in office would be in sympathy with the idea.

Congress Considering the Needs
Stop the Ruthless Destruction of
Game Birds.

[Philadelphia Press:] "Congress is considering the enactment of a Federal law that shall attempt to curtail the ruthless destruction of migratory game birds. It is a very wise and timely measure. No man in the United States is better equipped to discuss this subject than Director Hornaday of the New York Zoological Park, and he says:

"The way to have killable game is to have any and all species to protect the

Awakening the Evangelists.
[Alphincto's:] An English clergy-
man visiting this country tells of a
bishop in England who, when a new
church in his diocese was to be con-
secrated, received many letters com-
plaining that the architect had dis-
figured the interior with useless decora-
tion.
The bishop decided to make an in-
spection of the new building, and ac-
cordingly summoned the architect to
meet him there.
The bishop could find nothing
wrong until, just as he reached the
chancel, he chanced to catch sight
of four wooden images apparently
guarding the pulpit.
"The four evangelists."
"They appear to be asleep."
"Do you think so?"
"I certainly do."

years' war, from the firing on Sumner to

native stock, "not allow it to be killed any faster than it breeds, and whenever a species has been reduced to a low point give it a long lease of life, and breed up to its original abundance."

In a word, he indicates the choice between close seasons of five years or a close season of 80 years. In species of North American birds have been recently exterminated, among them the passenger pigeon, the Carolina parakeet, and as candidate for "early extinction" Dr. Hornaday names the golden plover, snowy egret and pinnated grouse.

Dr. Hornaday is now set against the effort that has been made to import birds from Europe and Asia to our birds. He has encouraged and vigilantly observed the rearing in her captivity of quail, wild turkey, blue bird and other birds. His suggestions are rather vague, yet summarised as above. One thing seems clear to the writer, and that is that the birds are swiftly losing our "game." The buffalo has virtually vanished; the wild turkey is sought in vain; the prairie chicken is scarce; and the prairie hen the poor sporadic deer that may be shot East and West are no longer fit to eat. The deer is being shot for sport and for the slaughter, and to look

into their gentle eyes with intention to kill is sheer assassination.

We trust very much that some Federal law governing the control of migratory birds (footed animals should be included) may be enacted.

Awakening the Evangelists.

[Lippincott's:] An English clergyman visiting this country tells of a blacksmith who, when a member of a church in his diocese was to be consecrated, received many letters complaining that the architect had displaced the interior with useless decoration.

The bishop decided to make an inspection of the new building, and accordingly, he ordered the architect to meet him there.

The bishop could find nothing wrong with the blacksmith's work, but the church was so cluttered with the chancel, he managed to catch sight of four wooden images apparently guarding the pulpit.

"What are those carvings?"

"They appear to be angels."

"Do you think so?"

"I certainly do."

"Very well," the architect called out to a man who was at work on one of the pews:

"Henry, bring your chisel and open the eyes of the evangelists."

Public Service: City Hall, Courts.

SUMMARY OF THE DAY.

Radical differences of opinion developed at a secret session of the Municipal Railroad Commission held yesterday. Some members want San Pedro street left clear for the use of a city railroad line and others believe that a franchise should be granted to the Pacific Electric. The Board of Public Utilities will have a public hearing on the proposed franchise this afternoon at 2 o'clock.

Property-owners on Western avenue are petitioning to have the Pacific Electric remove its track from that street, between Santa Monica boulevard and Melrose avenue. The street is to be widened to 100 feet. San Pedro citizens visited the Harbor Commission yesterday and urged the rapid construction of the Pacific Electric road to the harbor and stated that they were preparing to have the entire street paved when the city builds its twenty-foot strip of roadway.

It was decided by the Superior Court yesterday that citizens of Long Beach who subscribed to a ship subsidy and afterward refused to make good, alleging the agreement was not lived up to, must pay.

DON'T AGREE ON RAILROAD PLANS.

MUNICIPAL BOARD DEVELOPS RADICAL DIFFERENCES.

Executive Session Held Yesterday to Discuss Attitude on Use of San Pedro Street Brought About Lively Discussion but Board Not Where-Subject Continued.

A lengthy executive session of the Municipal Railroad Commission was held in the office of the Harbor Commission yesterday afternoon, while executive session proceedings at the City Hall are presumed to be kept from the newspapers, there was no suppressing the fact that the session got nowhere, so far as a definite decision was concerned in regard to what its attitude shall be as to the use of San Pedro street.

There developed a radical difference of opinion among members of the Municipal Railroad Commission, which is composed of the Mayor, the board of Harbor Commissioners and the Public Utilities Commission. Some of the members are in favor of holding San Pedro street intact for the use of a proposed first unit of the municipal railroad system, and object to the granting of a franchise on this street to the Pacific Electric Company, either with or without the inclusion of the second unit.

Other members believed that the obvious practical policy would be to allow the Pacific Electric to use the street by constructing a line that might be taken over later by the city as a part of its proposed municipal line.

Some discussion was given to the river bed railroad project, but most of the time was devoted to the San Pedro street, where the most marked differences of opinion were expressed. It was decided to continue the discussion until Wednesday of next week, at which time the available data as to cost of road building, etc., is to be submitted.

Commissioner Gordon of the Harbor Board, stated yesterday's meeting that he should stand irresolutely for the construction of a municipal railroad on the San Pedro street route and opposed giving any person or company a franchise for the use of this street, believing that if such a franchise is issued it simply complicates the situation and that the city decided to proceed with its own railroad enterprise. He admitted, however, that he might have considerable difficulty in bringing certain other members of the Railroad Commission to this way of thinking.

The San Pedro street franchise, which is now in the hands of the Public Utilities Board, will be given a public hearing by the board at 2 o'clock this afternoon, in the Council chamber.

It is probable that there will be several speakers present to oppose the granting of the franchise, and also people who will urge the need of it as the only practicable means of relieving the congestion on Main street.

The Alameda Club is opposed to the granting of the franchise and probably at today's hearing it will present its scheme for re-routing of cars, which the committee has been working on for several weeks, and which its officers claim would result in relieving the congestion on Main street and still keep in operation the number of cars now in service. This assertion is backed upon with much skepticism by members of the Board of Public Utilities, but they declare that they would be glad to investigate the scheme.

OBJECT TO TRACK

NOW ON WESTERN AVENUE. Condemnation proceedings are under way to widen Western avenue to 100 feet, and as a part of this improvement project there has been filed with the Board of Public Works a petition asking that it require the Pacific Electric to remove its single track in this street from Santa Monica boulevard to Melrose avenue.

Inspector of Public Works Hansen reported to the board yesterday that the City Engineer's maps show that the Pacific Electric has a private right of way on Western avenue from Santa Monica boulevard to Newman street, between Newman and Temple streets.

He recommended that the company be required to apply for a franchise on Western avenue from Melrose avenue to Terrace street or that it be required to remove its tracks. The petitioners allege that the tracks are so far above grade that the street cannot be improved unless they are removed.

The board decided to require the Pacific Electric to make a report to it of the company's contention as to its authority to occupy this portion of Western avenue.

The Pacific Electric, it is understood, claims to have acquired rights to the use of the street through the purchase of the old dummy line to Hollywood.

Must Mend the Steps.

The Pacific Electric and Los Angeles city must mend the red sandstone steps that were ruined by the handling of heavy steel plate when the new city vault was constructed. The

original long sections of stone came from a Santa Fe Railroad cut in Arizona, from which it is impossible now to get more material. Sections of sandstone as near the original as possible will be substituted, but the Board of Public Works will not settle with the company for the vaulting until the repairs are made and tiling replaced that was broken in the City Hall corridors.

New Ambulance Wanted.

The Chief of Police yesterday told the Police Commission that the city needs a new and modern ambulance and declared that the use of the patrol wagon for such a purpose is a disgrace to the city. He stated that when a man is seriously wounded and the police department is forced to carry him to the Receiving Hospital in the patrol wagon, there was always the possibility of the injured man being infected with some disease. The Mayor also condemned the present method and declared himself in favor of a new ambulance.

Previous Service Counts.

From time to time the Police Commission receives applications from previous officers for reinstatement in the police force. The commission has arisen as to whether they shall take their place in the civil service list in the regular order of their application, or whether they shall be given special consideration. Chief of Police Sebastian yesterday asked for a ruling of the commission on this point, and it was decided that when a man reinstated their previous service shall be considered and that their salaries shall be based accordingly.

Would Require Many Men.

A report from the police department in regard to the request of the City Council that sufficient officers be detailed to enforce the provisions shutting traffic off of Siueau avenue while it is being repaved, stated that this would be a practically every available man, and the Police Commission recommended that the Board of Public Works fence the cross street, thirty-four in number, and place proper signs thereon so that two or three motorcycle officers may handle the work.

Liquor Permits Granted.

The Police Commission yesterday granted the following liquor permits: Retail liquor permit to Pitcher & Pitcher for No. 411 East Main street, formerly located at No. 421 South Main; restaurant liquor permit to Clarence G. Spence for No. 413 South Olive street, and to J. & J. Private for No. 117 East Fifth street; wholesale liquor permit to Edward Manbach for No. 323 South Hope street; restaurant liquor permit to Joseph Aaloe for No. 503 South Los Angeles street.

The application of Abe Horowitz for a wholesale permit for a location on North Main street was denied, and the commission decided to grant the petition closing to any further liquor permits the district on North Main street from Commercial to Republic street on the east side and Commercial to the Plaza on the west side of Main.

Would Improve Entire Street.

A delegation of San Pedro citizens appeared before the Harbor Commission yesterday to urge the improvement of the temporary harbor boulevard on Pacific avenue, and announced that petitions are in circulation to improve the boulevard of the entire street surface at the same time the city improves the twenty-foot strip in the center of the street, at which time the available data as to cost of road building, etc., is to be submitted.

Commissioner Gordon of the Harbor Board, stated yesterday's meeting that he should stand irresolutely for the construction of a municipal railroad on the San Pedro street route and opposed giving any person or company a franchise for the use of this street, believing that if such a franchise is issued it simply complicates the situation and that the city decided to proceed with its own railroad enterprise. He admitted, however, that he might have considerable difficulty in bringing certain other members of the Railroad Commission to this way of thinking.

Permits Suspended.

After public hearings yesterday before the Police Commission, the Ignatius Social Club, at No. 324 Summit avenue, and the Theatrical Mechanics' Association, Los Angeles, located No. 25, had their permits suspended, the former until September 1, and the latter for thirty days, on the grounds that they have sold liquor to persons who are not members of their organizations.

Gold's New Home.

The City Treasurer yesterday placed within the recently-completed steel vault in his office 100 bags of gold amounting to \$1,000,000. This is the first large amount that has been placed in the new vault.

City Hall Events.

Mrs. Bertie Ryan was appointed by the Police Commission yesterday as relief police matron. The appointment was made from the certified list of the Civil Service Commission.

Chief Sebastian yesterday asked the Police Commission to purchase as many motorcycles as possible, so that police can be secured for \$1500, the budget appropriation. The statement was made that one motorcycle officer was in much service in the department as five men on foot.

B. R. Randolph, who has a retail liquor permit for No. 216 East Second street, must appear before the Police Commission at its next session to show cause why it should not be revoked. He is accused of having sold liquor to a minor.

At the Courthouse.

MUST STAND BY THEIR BARGAIN.

SUBSCRIBERS TO SUBSIDY ARE LIABLE FOR PAYMENT.

Court Finds Contentions of Defendants Not Well Taken and Rules They Must Live Up to Spirit of Their Contract—Requirements of Agreement Met.

Subscribers to the \$100,000 fund raised by citizens of Long Beach, a number of whom failed to make good after the first installment of \$25, will have to pay the balance in accordance with an opinion handed down by Judge Seawell yesterday. The action was brought by W. H. Holmes, a citizen of the Los Angeles Dock and Terminal Company, against E. C. and W. J. Willets of Long Beach, and the court finds no just reason why they should not be required to meet the balance of their subscription.

It appears that when the Craig Shipbuilding Company of Toledo was considering the erection of a ship-

building plant at Long Beach, it was announced they would expend \$200,000, provided the necessary land would be deeded to them without cost. The Los Angeles Dock and Terminal Company owned thirty-two acres on which they made liberal concessions on the valuation, and agreed to deed the land to the subscribers on a bond side subscription of \$100,000.

The terms were 25 per cent on the completion of the contract agreement and delivery of the deed to the shipbuilding company, and 10 per cent in installments covering a period of eighteen months. The condition was binding only in case the entire \$100,000 was subscribed. It also was agreed that the dock company should pass on the subscriptions favorably.

Elliot & Willets sought to evade payment of their subscription alleging that \$200,000 was not expended on the plant and that the subscription was not passed on by the dock company, and the further ground that the deed required by the contract was not executed and delivered as required and that the shipbuilding company had failed to pass on the subscription to the dock company.

The court found that more than \$200,000 was expended on the plant and that the subscribers were solvent or insolvent, this matter was left in the hands of the dock company, which passed favorably on the subscriptions. The donations were the inducements to secure the enterprise, and the court held that the subscribers were required to comply with the spirit of their contract.

DIAMOND IN DISPUTE.

TWO ALLEGED OWNERSHIP.

The story of a diamond suit is being recited in Judge Houser's court, the characters being the boxer, L. E. Brent, his manager, and A. B. Cohn, a pawn broker. It is a question of disputed ownership, Cohn asserting he bought the stone from a woman named Emma, a merchant, and Cohn alleging that it is one of several diamonds stolen from him.

The sparkler, weighing three and three-eighths carats and valued at \$400, was placed in the custody of Clark Catter, pending the termination of the suit. The judge did not allow evidence yesterday. Brent testified a cash payment had been made on the stone and a smaller diamond given in exchange.

It appears from the evidence that Brent took the stone to Cohn with an offer to sell it. Jim Cohn, a member of the firm, said he was living at the time as one of the stolen diamonds, although it is in a new setting. He claimed to have been given the stone in possession, and Cohn brought suit for recovery.

Cohn's professed ability to identify the stone has raised an interesting question as to whether the brilliance, weighing the same amount and cut in the same manner as the diamond, is the same as another diamond has any distinctive features. Cohn is contesting Cohn's claim to ownership on the ground that he recognized the diamond the moment it was handed him by Brent.

RULES ON PROPANITY.

Hereafter, "blanket-blank" goes for exactly what it means. It received a ruling at the hands of Judge Monroe yesterday in the divorce suit of Mrs. Elsie Mathers against George C. Mathers.

While Mrs. Mathers is testifying in regard to an encounter with her husband on the street, she used the above expression.

The judge told the words he used. "Just a minute," ordered Judge Monroe. "I wasn't born yesterday. I know what it means. It means that Mrs. Mathers, who was formerly a teacher in the Girls' College School, and inherited a fortune, charged her husband with cruelty, and was making profanity toward her, he had ordered her out of the house, she alleged. The judge said she was making profanity toward her, he had ordered her out of the house, she alleged. The judge said she was making profanity toward her, he had ordered her out of the house, she alleged.

SAYS NATURAL DEATH.

AUTOPSY SURGEON UNDER FIRE. Dr. George W. Campbell, who performed an autopsy on Richard J. Smith, Compton farmer, whose dramatic death near Dominguez Field last January resulted in the arrest of J. G. McKinney, charged with the murder, was subjected to a severe cross-examination in the trial before Judge Canby yesterday.

The evidence of Dr. Campbell is important to the case, as he testified that Smith's death was due to natural degeneration of the heart. He said he found evidence of dilation of the heart which would mean that he was caused by excitement. The bruise on the heart was, he said, not the result of violence, he said, but was a postmortem mark.

This evidence is directly contrary to that of the experts called by the prosecution, who testified that the murder was committed by the blow and that he was in perfect physical condition. Campbell was led by the prosecuting attorney, Deputy District Attorney Blair, through a mass of medical science in an effort to shake him.

VALUES AT HARBOR.

EXPERTS GIVE VIEW.

Experts called by A. S. Koyor and seventeen other lot owners whose property at San Pedro the city is seeking to condemn for warehouse purposes, docks and slips, testified in Judge Bordwell's court yesterday that lots four to fourteen on the front have a value of \$3 to \$5 a square foot; the value of the back lots range from \$1.50 to \$4 a square foot. The tract comprises 225,000 square feet.

The witnesses included J. A. Atchinson, W. H. Daum, Richard Quinn and Paul A. Crippen. Daum was formerly in the employ of the Santa Fe as a right-of-way man. He placed an average value of \$4 a square foot on the tract, asserting the property is a key to the harbor situation. While no business houses can be operated on the property of Koyor and others, he contended, lies at the mouth and can be used for business purposes.

PAYS FOR LICENSE.

FLIGHT WINS SYMPATHY.

As a sporting proposition, the plight of Ricardo Salazar and Francisco Martinez in the Juvenile Court yesterday, appealed to Frank Alloway of Hollywood. He came to the aid of a witness in another case and became god-father to the couple.

Ricardo and Francisco were before the court on a contributory charge. Their trial resulted in a verdict of guilty. Judge Seawell saw a way around the contributory charge by having the couple marry, and finding

them willing, he suggested that they obtain a marriage license.

Alloway was an interested spectator. He edged up close to the table and when Ricardo faltered he had no money to pay for the license. Alloway asked the court if he might furnish the cash. The offer was accepted, the license procured and Ricardo and Francisco were married by Judge Seawell.

COURT FINES WOMAN.

ECHO OF WATER SUIT.

The litigation between La Vina Corporation and F. W. Ford and Mrs. H. Gill resulted yesterday in Judge Reor fining Mrs. Gill \$10 for contempt of court and granting a temporary injunction, restraining Ford and Mrs. Gill from interfering with the corporation, which claims a water right.

The evidence showed that Mrs. Gill did not obey the court's injunction to keep away from the corporation's camp. It was alleged that pipes had been broken and sand boxes filled with rocks.

On the other hand, Attorney McElvey charged that the corporation kept the camp in a state of siege, having armed men patrol it.

DISTRIBUTE ESTATE.

RECALLS FORGERY SUIT.

The petition of Mrs. Blanche Brown, now Mrs. Fred Sargent, for the final distribution of the estate of her late husband, James Alexander Brown, was granted by Judge Conroy yesterday. The estate was valued at \$100,000, of which Mrs. Sargent gets \$12,000. The rest is divided between the sons, Elton and Laird.

Brown was a professor. After his death a note purporting to be signed to two brokers who brought suit against the widow to recover the amount. Judge Buckles pronounced the note a forgery. Several days after the termination of the suit, Mrs. Brown married Fred Sargent, a Los Angeles broker, who was represented by Attorney Norton.

LEASE IS BINDING.

FINDS ASSIGNMENT ORAL.

In an action to collect rent on a lease brought by Elton N. Workman and Joseph Sturm against G. A. Rutz, Judge Craig found yesterday for the plaintiff for \$831.

Rutz alleged that Workman and Sturm failed to furnish him with gas, a dressing-room and in other particulars failed to carry out the terms of the original agreement covering the lease of the Adolphus Hotel. The court found the evidence was not sufficient to maintain a claim of defense.

In this case the court held it was an oral assignment of the lease's interest in a lease pursuant to which the assignee had received possession of the premises and issued and paid some consideration.

NON-SUPPORT CHARGED.

LADIES TAILOR DEFENDANT.

Married thirteen years, the mother of a boy of 12, and yet never having lived with her husband one day, is the life story told by Mrs. Elzide Benoit, who declares that she has been transformed from a beautiful young girl into a haggard old woman while she is still youthful, through the neglect of her husband, Simon Benoit, a ladies' tailor.

A complaint has been filed in the courts charging Benoit with failure to support his wife and son. The wife declares that she is living in a little hovel at Long Beach while her husband enjoys an income close to \$10,000 a year. She has been married thirteen years, and she has a beautiful young girl into a haggard old woman while she is still youthful, through the neglect of her husband, Simon Benoit, a ladies' tailor.

Benoit has been in the habit of hitchhiking to his work, and she has been forced to get the wagons to the street. Several times so many wagons have been stationed at that point that traffic was greatly interfered with, and persons living in the vicinity complained to the police.

High Rate of Interest. Police Judge Frederickson charged Manuel Gonzalez what might be termed usury interest yesterday when he fined him \$50 or fifty days for having "horror" 120 per cent interest on a loan.

Mrs. Lugarda Higuera testified that Gonzalez works in her restaurant near the Plaza. She gave him the gold piece to change. When he failed to return, Mrs. Higuera had him arrested on an embezzlement charge. Gonzalez pleaded guilty, saying he spent the money.

For Overtaxing Horses. Eight tons of cement is to be hauled by two heavy trucks, each pulling 1300 pounds, to attempt to pull up the West Seventh street hill in warm weather, according to Police Judge Frederickson.

IN THE INTERIOR COURTS.

Boy Bookbinder, Trying to Pay Way Through School, Works Overtime and Employee Is Arrested.

John Lass, No. 441 South Main street, proprietor of a bookbinder stand, was arraigned in the Police Court yesterday on a complaint sworn to by William Telle, charging him with having worked Louella Femme, 14 years old, No. 128 Pine street, more than nine hours a day.

Lass pleaded ignorance of the law, and sentence was continued until today. The boy, who was working for Lass, said he did not know how much work. Lass testified that Femme shines shoes in the summer to make sufficient money to take him through school in the winter.

Teamsters Blockade Traffic. Frank Howard and Wiley Gibson, teamsters, were fined \$2 each yesterday by Police Judge Frederickson on conviction of having blockaded East Ninth street near the viaduct.

According to Patrolman Wolfe the men hauling sand from the river bed have been in the habit of hitchhiking together to get the wagons to the street. Several times so many wagons have been stationed at that point that traffic was greatly interfered with, and persons living in the vicinity complained to the police.

(BY DIRECT WIRE TO THE TIMES.)

SANTA BARBARA, Aug. 7.—The Santa Barbara team will start open here for the annual round robin tournament a month or more hence, and several teams from the Pacific Coast, who is the home of the Club, have said that they will arrive either in the coming of twenty or thirty days, and will be provided as soon as the Littleton Hill course is ready to be played. The chances are that the team from the Pacific Coast will be the Santa Barbara team, and to John H. Clayton

Burke and Mr. Neustadt. The Santa Barbara team will be made up mostly of the Rosebush family, the brothers, Dr. E. J. Rosebush, Dr. E. C. Rosebush and T. A. Rosebush, being the three brothers and their two nephews, Rene and Felix Wuerfel, from New York, aged 16 and 17 years, and the team promises in the practice games that have been regularly held during the past few weeks.

It may be one of the Santa Barbara players, and to be sure activity in the sport may bring out several of the local talent, but on the field during the past few months.

SPORT opening in world is in Los Angeles is a business that for twenty years has always paid big profits, both all over America and in the mountains. There is no competition in California. The business will make the biggest money. The biggest business, and the biggest expense, and the biggest business will be velvet. One thousand dollars we do not profit is conservative. Good weather, but if you have from \$200 to \$500, say, you can get a lot. Good weather, \$50, \$100, \$200, \$300, \$400, \$500, \$600, \$700, \$800, \$900, \$1,000, \$1,100, \$1,200, \$1,300, \$1,400, \$1,500, \$1,600, \$1,700, \$1,800, \$1,900, \$2,000, \$2,100, \$2,200, \$2,300, \$2,400, \$2,500, \$2,600, \$2,700, \$2,800, \$2,900, \$3,000, \$3,100, \$3,200, \$3,300, \$3,400, \$3,500, \$3,600, \$3,700, \$3,800, \$3,900, \$4,000, \$4,100, \$4,200, \$4,300, \$4,400, \$4,500, \$4,600, \$4,700, \$4,800, \$4,900, \$5,000, \$5,100, \$5,200, \$5,300, \$5,400, \$5,500, \$5,600, \$5,700, \$5,800, \$5,900, \$6,000, \$6,100, \$6,200, \$6,300, \$6,400, \$6,500, \$6,600, \$6,700, \$6,800, \$6,900, \$7,000, \$7,100, \$7,200, \$7,300, \$7,400, \$7,500, \$7,600, \$7,700, \$7,800, \$7,900, \$8,000, \$8,100, \$8,200, \$8,300, \$8,400, \$8,500, \$8,600, \$8,700, \$8,800, \$8,900, \$9,000, \$9,100, \$9,200, \$9,300, \$9,400, \$9,500, \$9,600, \$9,700, \$9,800, \$9,900, \$10,000, \$10,100, \$10,200, \$10,300, \$10,400, \$10,500, \$10,600, \$10,700, \$10,800, \$10,900, \$11,000, \$11,100, \$11,200, \$11,300, \$11,400, \$11,500, \$11,600, \$11,700, \$11,800, \$11,900, \$12,000, \$12,100, \$12,200, \$12,300, \$12,400, \$12,500, \$12,600, \$12,700, \$12,800, \$12,900, \$13,000, \$13,100, \$13,200, \$13,300, \$13,400, \$13,500, \$13,600, \$13,700, \$13,800, \$13,900, \$14,000, \$14,100, \$14,200, \$14,300, \$14,400, \$14,500, \$14,600, \$14,700, \$14,800, \$14,900, \$15,000, \$15,100, \$15,200, \$15,300, \$15,400, \$15,500, \$15,600, \$15,700, \$15,800, \$15,900, \$16,000, \$16,100, \$16,200, \$16,300, \$16,400, \$16,500, \$16,600, \$16,700, \$16,800, \$16,900, \$17,000, \$17,100, \$17,200, \$17,300, \$17,400, \$17,500, \$17,600, \$17,700, \$17,800, \$17,900, \$18,000, \$18,100, \$18,200, \$18,300, \$18,400, \$18,500, \$18,600, \$18,700, \$18,800, \$18,900, \$19,000, \$19,100, \$19,200, \$19,300, \$19,400, \$19,500, \$19,600, \$19,700, \$19,800, \$19,900, \$20,000, \$20,100, \$20,200, \$20,300, \$20,400, \$20,500, \$20,600, \$20,700, \$20,800, \$20,900, \$21,000, \$21,100, \$21,200, \$21,300, \$21,400, \$21,500, \$21,600, \$21,700, \$21,800, \$21,900, \$22,000, \$22,100, \$22,200, \$22,300, \$22,400, \$22,500, \$22,600, \$22,700, \$22,800, \$22,900, \$23,000, \$23,100, \$23,200, \$23,300, \$23,400, \$23,500, \$23,600, \$23,700, \$23,800, \$23,900, \$24,000, \$24,100, \$24,200, \$24,300, \$24,400, \$24,500, \$24,600, \$24,700, \$24,800, \$24,900, \$25,000, \$25,100, \$25,200, \$25,300, \$25,400, \$25,500, \$25,600, \$25,700, \$25,800, \$25,900, \$26,000, \$26,100, \$26,200, \$26,300, \$26,400, \$26,500, \$26,600, \$26,700, \$26,800, \$26,900, \$27,000, \$27,100, \$27,200, \$27,300, \$27,400, \$27,500, \$27,600, \$27,700, \$27,800, \$27,900, \$28,000, \$28,100, \$28,200, \$28,300, \$28,400, \$28,500, \$28,600, \$28,700, \$28,800, \$28,900, \$29,000, \$29,100, \$29,200, \$29,300, \$29,400, \$29,500, \$29,600, \$29,700, \$29,800, \$29,900, \$30,000, \$30,100, \$30,200, \$30,300, \$30,400, \$30,500, \$30,600, \$30,700, \$30,800, \$30,900, \$31,000, \$31,100, \$31,200, \$31,300, \$31,400, \$31,500, \$31,600, \$31,700, \$31,800, \$31,900, \$32,000, \$32,100, \$32,200, \$32,300, \$32,400, \$32,500, \$32,600, \$32,700, \$32,800, \$32,900, \$33,000, \$33,100, \$33,200, \$33,300, \$33,400, \$33,500, \$33,600, \$33,700, \$33,800, \$33,900, \$34,000, \$34,100, \$34,200, \$34,300, \$34,400, \$34,500, \$34,600, \$34,700, \$34,800, \$34,900, \$35,000, \$35,100, \$35,200, \$35,300, \$35,400, \$35,500, \$35,600, \$35,700, \$35,800, \$35,900, \$36,000, \$36,100, \$36,200, \$36,300, \$36,400, \$36,500, \$36,600, \$36,700, \$36,800, \$36,900, \$37,000, \$37,100, \$37,200, \$37,300, \$37,400, \$37,500, \$37,600, \$37,700, \$37,800, \$37,900, \$38,000, \$38,100, \$38,200, \$38,300, \$38,400, \$38,500, \$38,600, \$38,700, \$38,800, \$38,900, \$39,000, \$39,100, \$39,200, \$39,300, \$39,400, \$39,500, \$39,600, \$39,700, \$39,800, \$39,900, \$40,000, \$40,100, \$40,200, \$40,300, \$40,400, \$40,500, \$40,600, \$40,700, \$40,800, \$40,900, \$41,000, \$41,100, \$41,200, \$41,300, \$41,400, \$41,500, \$41,600, \$41,700, \$41,800, \$41,900, \$42,000, \$42,100, \$42,200, \$42,300, \$42,400, \$42,500, \$42,600, \$42,700, \$42,800, \$42,900, \$43,000, \$43,100, \$43,200, \$43,300, \$43,400, \$43,500, \$43,600, \$43,700, \$43,800, \$43,900, \$44,000, \$44,100, \$44,200, \$44,300, \$44,400, \$44,500, \$44,600, \$44,700, \$44,800, \$44,900, \$45,000, \$45,100, \$45,200, \$45,300, \$45,400, \$45,500, \$45,600, \$45,700, \$45,800, \$45,900, \$46,000, \$46,100, \$46,200, \$46,300, \$46,400, \$46,500, \$46,600, \$46,700, \$46,800, \$46,900, \$47,000, \$47,100, \$47,200, \$47,300, \$47,400, \$47,500, \$47,600, \$47,700, \$47,800, \$47,900, \$4

MAY TULLY BATS 'EM OUT.

By May Tully, Headliner at the Orpheum This Week and Erewhile
Vaudeville Partner of Christy Mathewson and Chief Meyers.

WHILE today's game between Vernon and Los Angeles was perhaps not quite as exciting as Tuesday's game, there was plenty of hitting, and that is what the majority of fans like. Personally, I take more pleasure in seeing a good pitcher's battle, but without good hitting, the game would lose much of its popularity.

The freak catch today where Lach's catch counted as a triple, reminds me of a very peculiar play I saw Doyle and Fletcher make in New York last summer. Bisher of the Cincinnati Reds, was on first, and Mike Mitchell at bat. Bisher is a fast man and the best base-runner in the National League. Fletcher, in anticipation of Bisher's attempted steal was playing close to second to take the throw from Meyers.

Matty shot over a fast one, and Mitchell landed on it hard. The ball sped with the speed of a bullet towards Doyle, who rushed in to make the play. Just as the ball reached him, however, it took a bad bound, struck him on the knee cap, and bounced directly back into Fletcher's hands on second, and he completed a double play. Doyle lay writhing on the ground with a badly bruised knee, and was unable to finish the game. He was credited with an assist by the official scorer.

I saw the most unusual thing I ever witnessed on a baseball field Tuesday afternoon after Helmsmiller had made his home run in the eighth. The fans threw him money, and it seemed to me to be a very unusual thing for the fans to do. I have seen the fans in New York throw their hats and coats all over the place, but I never before saw fans throw money. I should imagine that Helmsmiller of the Cubs would not mind the custom at all, as he has made more home runs this season than any player in either league.

BRIGHT SIDELIGHTS OF BASEBALL.

Field Merkle, the star first baseman of the Giants, was asked not long ago to express his opinion of the National League umpires. "Of the diamond," replied Merkle, "the National umpires are a pretty fine lot of fellows, but in a game my opinion is that any umpire is the lowest form of animal life."

Tim Hurst, the former American League umpire, was famous for his quick wit, and it was very seldom that he came out second in a verbal encounter on the diamond.

There was one player on the New York Highlanders, however, who always got Mr. Hurst's "goat." The player in question has been unusually quiet for several days and Hurst thought that truth had been deigned. One day the player walked to the plate and, turning to the umpire, said briskly:

"Good afternoon, Mr. Hurst. How do you feel today?" replied Hurst, pleasantly.

"Fine, thank you," replied Hurst, pleasantly.

"Is that so?" returned the player. "You look pretty pink to me."

At the recent banquet given by the famous New York to the Giants, in appreciation of their winning the pennant, Irving Cobb, the famous wit, was asked to address the crowd. All the Giants were tuxedoed and as a novelty all the waiters were dressed in ball uniforms.

Cobb opened his address by the remark:

"I have a great deal of fun rehearsing Christy Mathewson and Chief Meyers for vaudeville. Matty could never understand how he could 'pull the same stuff every performance and get away with it.' Chief wanted to know what would happen if he made an error. I assured him he was safe. 'I'm glad they don't have umpires on the stage, anyway,' he said."

The three most unpleasant words in the English vocabulary to a pitcher are "Take him out." One day after Mr. McGraw had taken out the temperance expert, Bugs Raymond, I asked him just what he said to his pitchers when he took them out. He smiled slightly and replied, "Well, I asked Bugs if he had seen the latest edition of the evening papers. He said he hadn't, so I told him that there was a boy out in front of the clubhouse who only had a few copies left and I was afraid that if he waited till after the game there wouldn't be any papers left."

THEY WIT' OUT HUSBANDS.

American Women Learn More About Europe When They Go Alone, and Also Learn to Do Business.

New York Times: "That American husbands are a drag on their wives' folk when traveling abroad" is the startling generalization made in a London paper on the authority of an American woman.

After stating that the American women are considerably in the majority among Transatlantic visitors this summer and declaring that the fact is not without interest in marking the degree of self-reliance and confidence with which American women face an extended foreign tour without a male escort, and sometimes without even the companionship of a woman friend, the paper quotes an American woman whose husband is the head of a big

furniture manufacturing firm at Grand Rapids as saying that she learned more about England this season during a fortnight alone than she had done in half a dozen previous visits under the escort of her husband. She added:

"I don't mean merely getting about and finding places and schemes and plotting to keep my day full of interest and enjoyment, but more especially the smaller but even more important things that make for happiness and comfort."

"For instance, I can order my dinner at a restaurant now. For years my husband invariably ordered the dishes. Once, on our honeymoon in Paris, I said I liked a vol au vent which my husband ordered, and which I tasted for the first time. Later on I expressed my warm approval of a tournee."

Madame Adelina Dosena, Exceptional coloratura soprano, operatic singer, at Brink's cabaret show this week.

mark: "Ladies and gentlemen, this is a most unique experience for me. It is the first banquet I have ever attended where the waiters were dressed like ball players and the ball players dressed like waiters."

Christy Mathewson has a reputation for never paying any attention to the remarks of fans and, with one exception, of never answering their questions or remarks. The one exception was about seven years ago in Chicago.

Matty had pitched against Chicago the day before and had won his game. As he was walking across the field, a fan in the bleachers called out, pleasantly:

"Matty, who is going to pitch today?"

Matty replied, equally pleasantly:

"I'm glad they don't have umpires on the stage, anyway," he said."

"Well, I'm glad it isn't you, you big stiff," replied the fan.

"That cured me for ever talking to the fans while on the diamond," said Matty.

"I had a great deal of fun rehearsing Christy Mathewson and Chief Meyers for vaudeville. Matty could never understand how he could 'pull the same stuff every performance and get away with it.' Chief wanted to know what would happen if he made an error. I assured him he was safe. 'I'm glad they don't have umpires on the stage, anyway,' he said."

"I am very glad to be here for this series. The games this month all over the circuit are to be very important

ones and should justify the interest of the fans. For the chances are that the pennant will be decided by the results of the games of the next two weeks. I will say again I am glad to be here this week."

IT'S ALL CLEAR SAILING.

School Bond Election at Venice Expected to Be Carried Without Opposition Today.

VENICE, Aug. 7.—All opposition to the issuance of \$25,000 school bonds having vanished, the election which is to be held tomorrow is expected to result in an endorsement of the action of the grammar school board in asking for money for the purchase of land and the erection of additional buildings.

The people of Venice are aroused to the necessity for building two new school buildings, and making additions to the present grammar school. There is but one school building in Venice. In June there were 750 children to occupy rooms designed for 400. At the opening of the September term more than 800 are expected to clamor for room. The board has already made provision for two four-room temporary buildings.

Paul D. Howe, president, and Paul M. White, secretary, of the City Club, which organization was opposed to the issuance of bonds, and the members of the board outlined the uses to which the money would be put if the bonds were voted, today issued a circular indorsing the board's action in favor of the bonds. The school board at a public meeting held a week ago told what they proposed to do with the money, and all organizations are united in favor of the bonds. The one polling place is at the Venice grammar school. It will be open from 8 a.m. until 5:30 p.m.

Paul D. Howe, president, and Paul M. White, secretary, of the City Club, which organization was opposed to the issuance of bonds, and the members of the board outlined the uses to which the money would be put if the bonds were voted, today issued a circular indorsing the board's action in favor of the bonds. The school board at a public meeting held a week ago told what they proposed to do with the money, and all organizations are united in favor of the bonds. The one polling place is at the Venice grammar school. It will be open from 8 a.m. until 5:30 p.m.

VENICE, Aug. 7.—All opposition to the issuance of \$25,000 school bonds having vanished, the election which is to be held tomorrow is expected to result in an endorsement of the action of the grammar school board in asking for money for the purchase of land and the erection of additional buildings.

The people of Venice are aroused to the necessity for building two new school buildings, and making additions to the present grammar school. There is but one school building in Venice. In June there were 750 children to occupy rooms designed for 400. At the opening of the September term more than 800 are expected to clamor for room. The board has already made provision for two four-room temporary buildings.

JURY REFUSES TO OBEY COURT.

VENTURA, Aug. 7.—Judge Crow developed a peculiar case in the Superior Court today when Owen Thurmond was tried before a jury for misdemeanor in illegally taking steelhead trout from the Ventura River. Thurmond contended the trout were salmon. Expert evidence was offered by the State to show that the only trout in the river were steelhead.

After the evidence was all in for the State the defendant's attorney asked that the jury be advised to bring in a verdict of acquittal on the ground of insufficiency of evidence. The court did so but the jury rendered a verdict of guilty. The court was astounded and told the jury that it could not do this because no evidence had been heard on the other side. Then the defendant submitted evidence and the case again went to the jury which again returned a verdict of guilty.

Judge Crow assessed a fine of \$25 against Thurmond, which was paid.

SUTTON GIRLS AS USUAL TENNIS STARS AT TACOMA.

[BY A. P. NIGHT WIRE TO THE TIMES.]

TACOMA, Aug. 7.—All the visiting tennis cranks came safely through their matches today and the field is narrowing down to the men of national reputation for the winner of the Northwestern championship.

William Johnston, the schoolboy wonder of San Francisco, is playing better every day as is his partner, Fottrell. Both men are after the laurels of Melville Long Ward Dawson and Nat Emerson.

The feature event of today was an exhibition mixed double between Ellis Johnston and May Sutton and William Fottrell and Florence Sutton, the former winning by greater steadiness.

Today's scores:

Men's singles—third round, Johnston defeated Richardson, 6-2, 6-1; fourth round, Johnston defeated Black, 6-2, 6-2; Wicksheim defeated Brees, 6-3, 6-3; Fottrell defeated Green, 6-2, 6-2; Tyler defeated A. O.

Men's doubles—third round, Lyon and Denton defeated McCutcheon and Kaufmann, 6-2, 6-2; Bacon and Young beat Black and Neal, 6-3, 6-3; Kentsbach and Brees beat Fringie and Brown,

FACTS, FEATURES AND FANCIES FOR WOMEN AND MEN
BY OLIVE GRAY

Single Frock of Rose Leaf Linen.
A dress of English embroidery bands, by Rivoli, and a hat of straw, with velvet strings, by Verol.

Soft and Silky.
The white silk shirts for men's wear are much sought after these days, and although men do not, as a rule, search far for bargains, I observed that they had discovered those in one of the big stores. The negligee collar and cuffs are particularly welcome in warm weather, and when there is quality and a reduced price all in one, men hesitate to buy the cool, pretty materials for themselves.

Crowded.
In one of the high-class stores which has announced a week of clearance sales, the crowds are so great that one can scarcely find one's way to an elevator. Crowds! Crowds! On every floor, from basement to seventh story.

Hats to Order.
"Order your hats made from pieces of your suit." This was a notice in one of the Broadway window shops. Clever idea, too. I think that for ordinary wear, these little hats are becoming, and as they can be given an individual air by upstitching the brim or bringing it down over the brim or jaunty style, they are especially appropriate for young girls.

A Sponge Hat.
Among the new "importation" in sponges shown in a large grocery house, I was struck by the resemblance of a huge one to a giant hat. I felt like asking the window trimmer to place a stick-up at one side and a veil around the brim, for I am sure he would do it artistically. Next time you pass that way, see if you do not agree with me as to the resemblance.

A Sale That Is a Fall.
I think that a clever display of blouses, etc., in one of the Broadway stores where the garments are arranged to form a huge white sail. Judging by the crowds gathered there, the goods are "sailing away" at forty knots, too.

For Vacation.
"There!" said the Good Housekeeper, as we passed along Broadway. "I shall go up and order a lot of goods for my vacation!" and she pointed to a window filled with all kinds of canned and bottled goods.

Impersonates a Missionary.
The women of the First Methodist Church, always fertile in ideas, have evolved a new and novel way of presenting foreign missionary subjects which was demonstrated at the meeting of the Foreign Missionary Society last Monday, when one of their number—Mrs. Helen A. Birdsell, recording secretary of the organization and editor of the Pacific branch department of the Woman's Missionary Friend, published in the interests of the society—impersonated Dr. Gertrude Tatt, a medical worker in Chinkiang, China.

WOMEN'S WORK, WOMEN'S CLUBS.
BY SYDNEY FORD.

I felt sure those club women would get what they wanted in the end, but I didn't think it would come quite so quickly. Beats all what a difference a little interest money makes in a man's calculations. If he can see a profitable "per cent." looming up, it seems to satisfy his soul. The fact that the Normal School trustees agreed to pay a rental for a year equal to six per cent. on that \$400,000 made all the difference between success and failure in the winning of that splendid site on Normal Hill for the Allied Arts Center which has been the pet project for months of thousands of women represented by more than thirty clubs and organizations banded together for this purpose.

As a matter of fact, I more than suspect that the City Fathers, deep down in their hearts, really wanted to please the women and buy that coveted hill, but—did you ever see a man who could stand for a minute the suspicion that the women of his family had bullied or coerced him into doing a thing? Of course not. He wants to show his manly line prerogative of authority and the wise woman knows that, if she waits a bit and compromises a little and allows all these sweet, things will come her way in the end.

The club women are so happy over the outcome of what seemed a disastrous failure which, within twenty-four hours has turned into a tremendous victory, that they are literally singing praises of glory. As soon as the decision was made late in the afternoon Tuesday, Mrs. D. C. McCann wired the glad tidings to F. W. Blanchard, president of the Allied Arts Center, who is spending his vacation at Lake Tahoe.

"Come home, come home—we've won—the site is ours!" was the message that went singing over the wires, and now the women are awaiting Blanchard's return with impatience to listen to certain very definite plans and purposes he has in mind concerning the development of the enterprise.

To no one belongs more credit for this splendid municipal acquisition than to Mrs. McCann who has toiled early and late toward its consummation. Forfeiting a vacation, she has remained in town all summer and worked with keenest and most unselfish interest. Indeed, it was Mrs. McCann who first evolved the idea of a magnificent municipal auditorium where the best music, art and entertainment can be given to the general public at a merely nominal price. No one in Los Angeles can forget the monster demonstration of the popularity of this plan as shown on the occasion last spring when Madame Terafina gave her memorable concert in Shrine Auditorium at a popular price of admission. The courting of people—the common people, whom Abraham Lincoln said the Lord loved because he made so many of them—indicated the real heart hunger for good music and great art when it may be had at non-prohibitive prices.

No sooner had Mrs. McCann been well installed as president of the Friday Morning Club last October than she and her sister, Miss Laura Grover Smith, inaugurated the scheme of repeating popular club programmes Sunday afternoon for the benefit of these women, business and otherwise, whose duties do not permit them to take advantage of club membership and its privileges. There was the Christmas concert and, later, a repetition of the popular and delightfully entertaining Dickens programme, and the lecture on "How to See Europe on \$100" by a woman who had done it. The ready response to these great programmes was the incentive to the larger effort which culminated in the Terafina concert which eventually led to the movement for an Allied Art Center on Normal Hill.

The women of the First Methodist Church, always fertile in ideas, have evolved a new and novel way of presenting foreign missionary subjects which was demonstrated at the meeting of the Foreign Missionary Society last Monday, when one of their number—Mrs. Helen A. Birdsell, recording secretary of the organization and editor of the Pacific branch department of the Woman's Missionary Friend, published in the interests of the society—impersonated Dr. Gertrude Tatt, a medical worker in Chinkiang, China.

The programme was in charge of the nurses' circle of the society—a company of trained nurses who are banded together for the support of a native nurse in Dr. Mary Stone's Hospital at Kinkiang, where more than 16,000 patients were treated last year. Miss Florence Moes had charge of the entertainment and Miss Wuest and Hill, Miss Dorcas Fendell and Mrs. Birdsell assisted, the latter impersonating Dr. Tatt and answering questions concerning her work, which gave a very vivid and personal impression. Reviews of the work of other medical missionaries were given.

Death of Well-Known Club Woman.
The sudden death of Miss Frances Clarke which occurred at her summer home at Terminal Island, early in the week takes from the ranks of women's clubs and organizations, one who was greatly beloved by a very large circle of friends. Miss Clarke was a member of the Bunkin Art Club and the Friday Morning Club and was especially active in T.W.C.A. work—a member of the educational committee of that body and, during the last financial campaign, took an active part in raising funds for furthering the work of that institution. Miss Clarke returned last year from a tour around the world in excellent health and spirits. Her going was sudden and unexpected and was a great shock to friends and acquaintances.
